# WORLD RECORD ATTEMPT 2022

## HOW IT WORKS.

You need a table, at least 4 players, and the app.

Each group of participants organises an own local tournament and plays a tournament with the free LET'S FOOS app.

This way we can count all participants in all tournaments around the world within the record time period.

# WORLD RECORD ATTEMPT 2022

## YOUR ACCESS & OFFICIAL RULES.

To become an official world record participant and hopefully world record holder, play at least one game of a LET'S FOOS tournament within the 24 hours period.

1

Download the free app „LET'S FOOS“ (see instructions slide).

2

Register yourself by your name and email address (see instructions slide).

3

Scan the tournament code (see instructions slide), play and have fun, get a record certificate afterwards.

**RID** / REKORD-INSTITUT  
FÜR DEUTSCHLAND

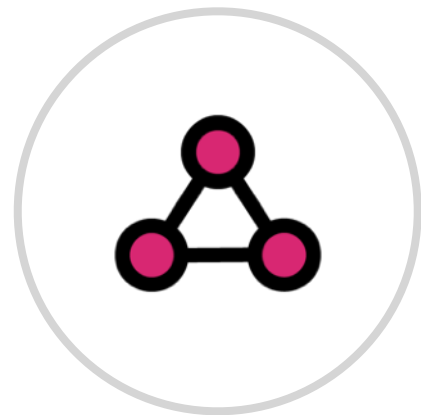

### SPECIFIC GUIDELINES

#### MOST PEOPLE PLAYING TABLE SOCCER (MULTIPLE VENUES, 24 HOURS)

This record category is for most people playing table soccer in a period of 24 hours at different venues. The rules for the matches during the record attempt are based on the usual rules of the sport in the short version (see rules: [https://www.tablesoccer.org/rules/documents/ITSF\\_RULES\\_short\\_version\\_A4.pdf](https://www.tablesoccer.org/rules/documents/ITSF_RULES_short_version_A4.pdf)). The equipment used (balls, tables, game pieces, etc.) must conform to the standards of the sport. The record will be measured by the total number of people playing one table soccer match at one of the designated venues during the period of the record attempt.

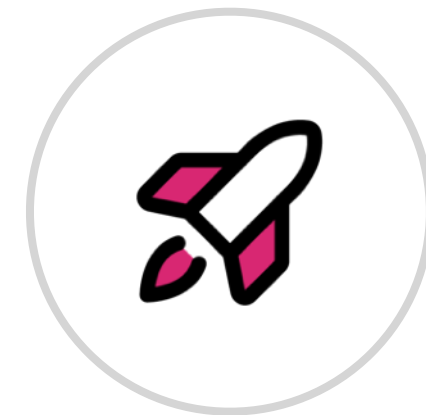

1. Start and end of the record attempt have to be marked with an acoustic signal at each venue. Regardless of the time zone, the record attempt must be synchronized and start and end at the same time at all venues.
2. For the record attempt to be valid, it must be played at 50 venues at least, each with 4 participants at least.
3. A protocol of the time schedule is to be kept in which the participants are listed for each event location. This protocol may also be created in an app or documented in it.
4. In order to count for the record attempt, each participant must play a table soccer match at one of the venues during the record period according to the usual rules of the sport, and document the participation, see 3.), or 5.).
5. At each venue, a witness must at all times supervise the table football games and ensure compliance with the rules of the record attempt and the correct registration of participants.
6. If no RID record judge is on site to supervise, highlight scenes of the record attempt must be **recorded on video for proof**, and at least the start, finish, and breaking of the record must be clearly visible on it. We need lists of participants from each venue and **written confirmations** from 2 **independent witnesses** of legal age or from 1 **notary public** as well as high-resolution and printable **photos** in good quality, which RID may use free of charge for an unlimited period of time. The confirmations must be in your own words on your own stationery.

**WORLD RECORD ATTEMPT 2022**  
**DEALING WITH COVID-19.**

**DECENTRALISED**

The decentralised format is perfect for organising a compliant "major event" during Corona times.

**FOLLOW THE LOCAL SAFETY RULES**

Washing hands, masks, distance, ...

**SMALL GROUPS**

Even with only 4 participants and one foosball table, you will have a lot of fun.

**LET'S FOOS.**

# WORLD RECORD ATTEMPT 2022 FORMAT.

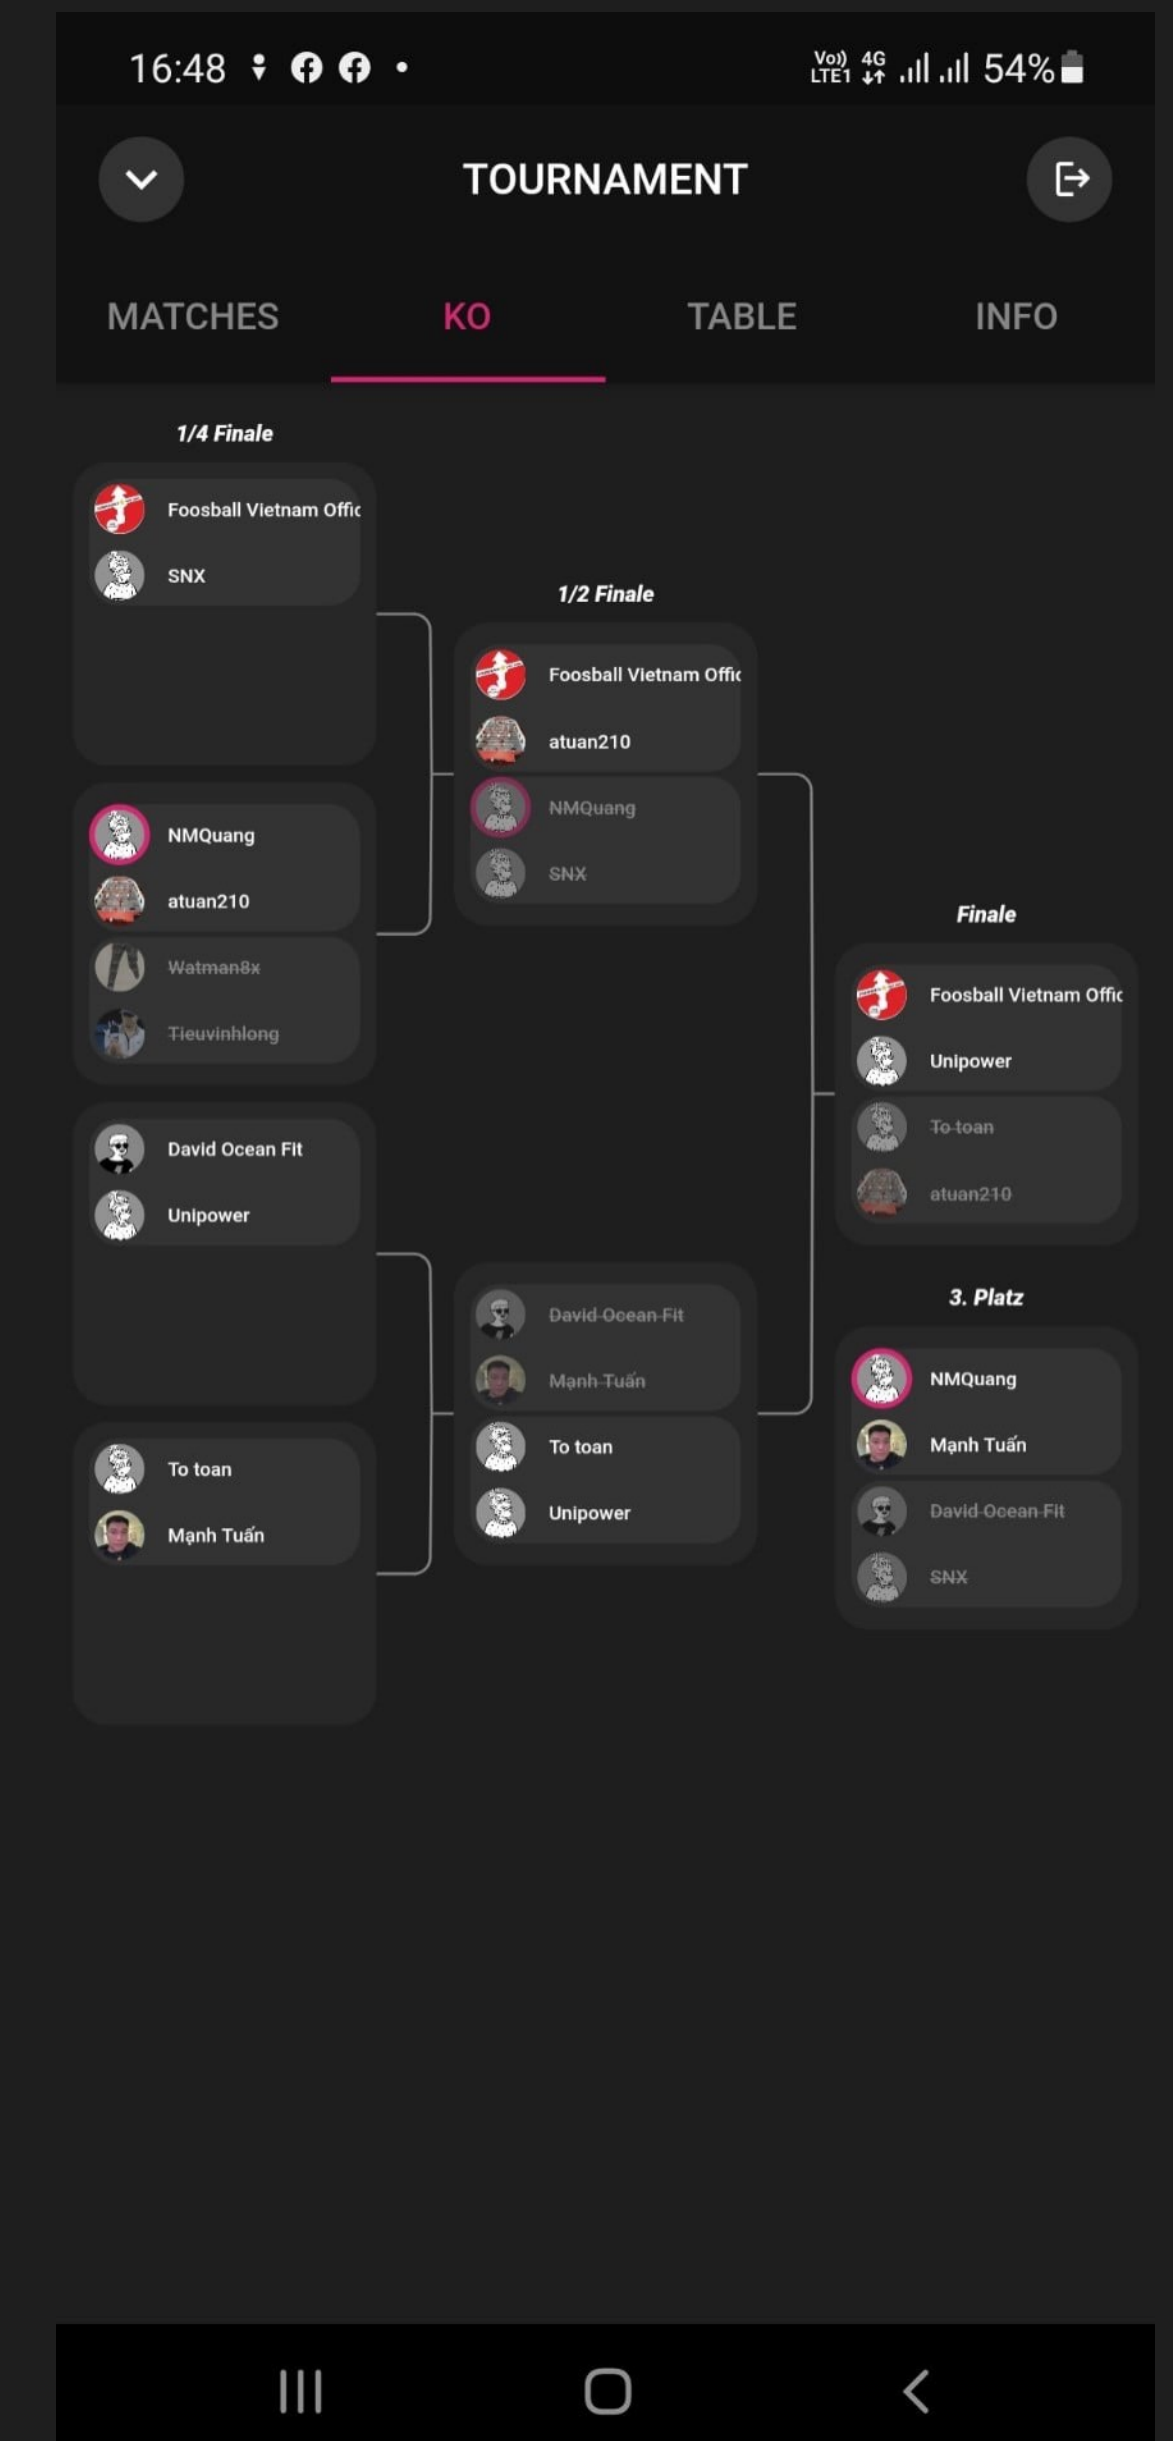

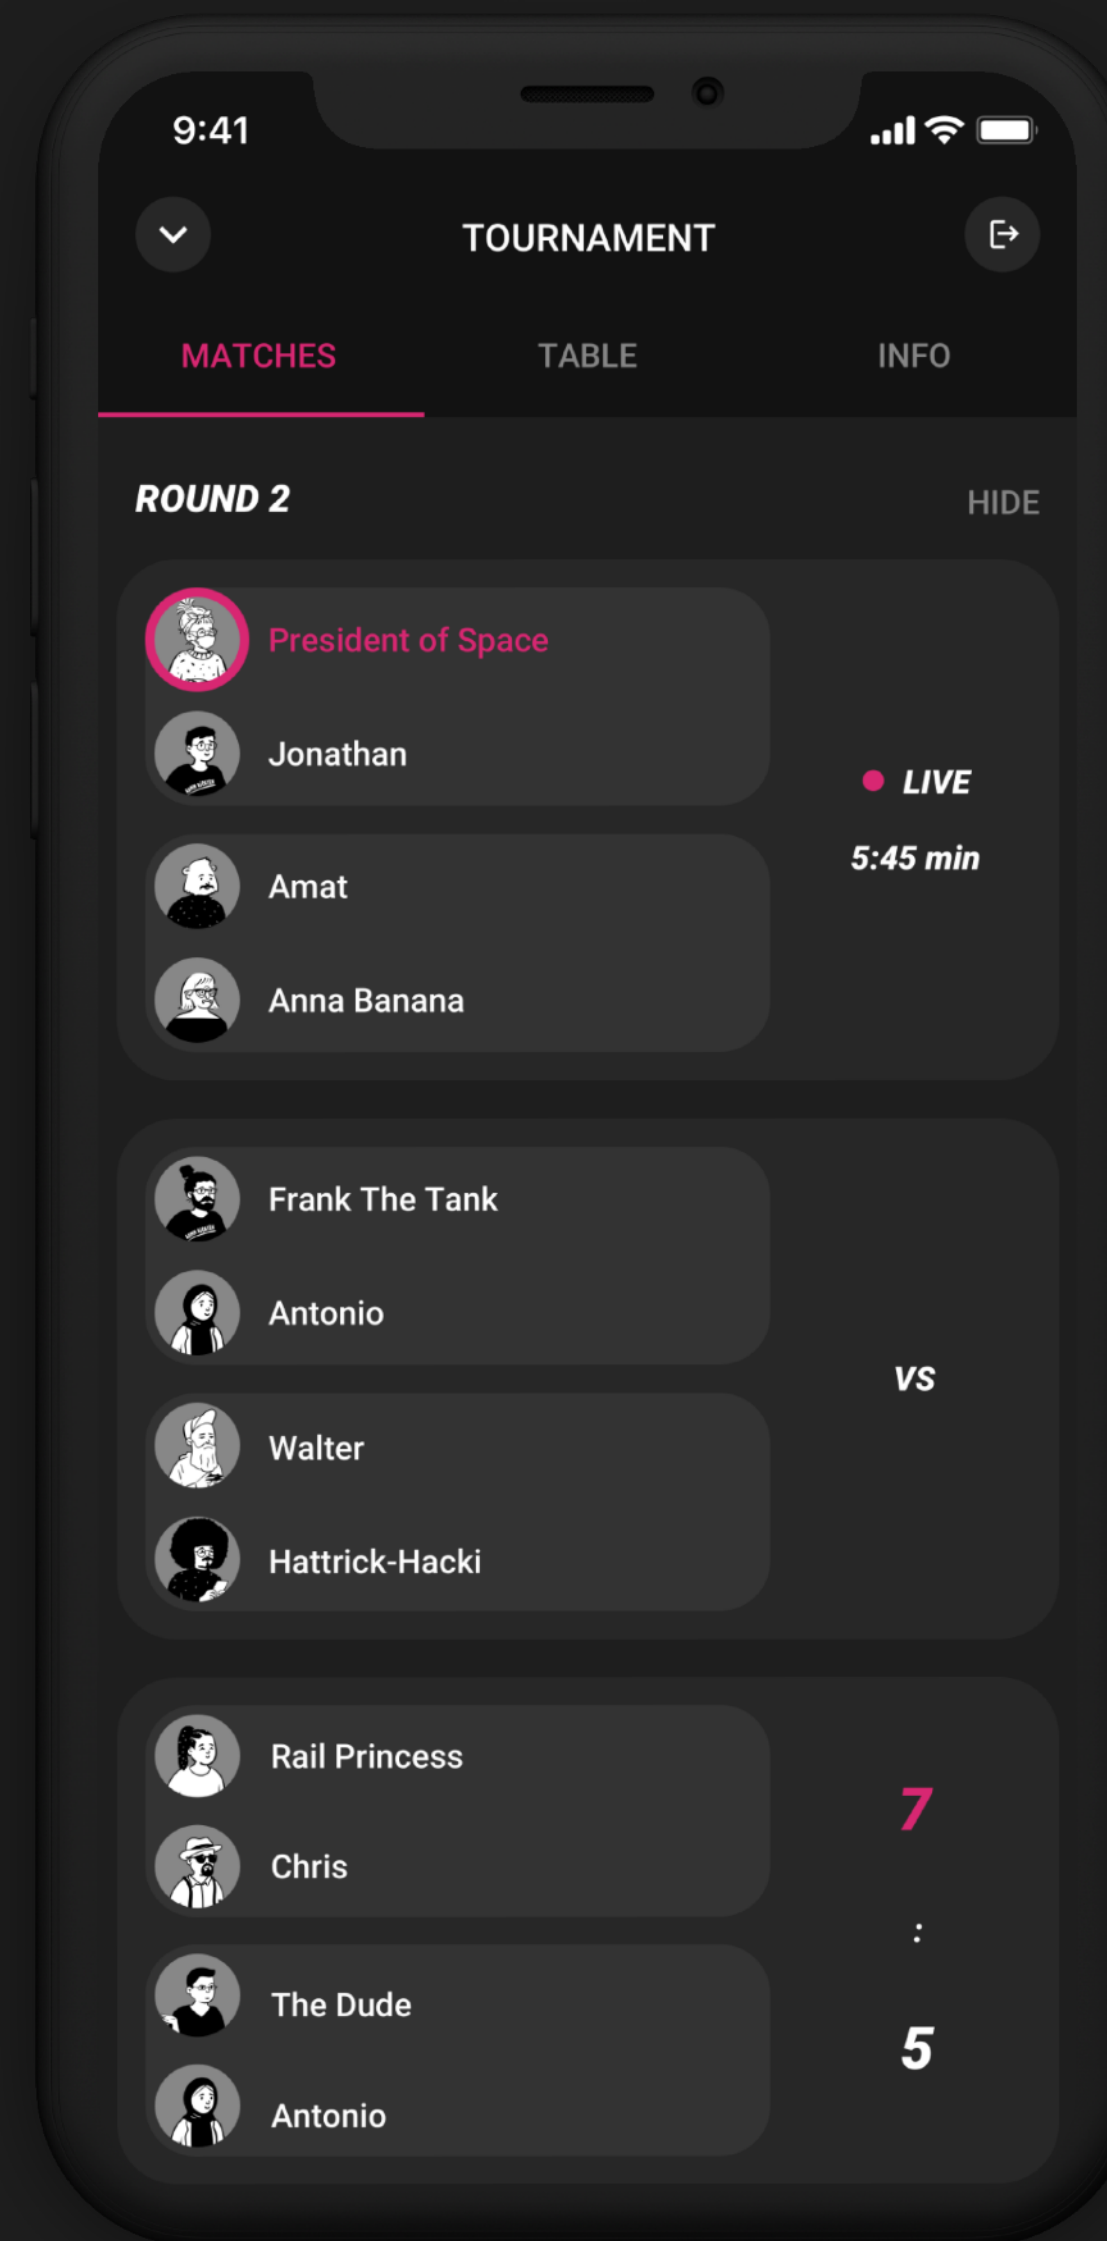

Each group of participants organises and designs an own local tournament and plays the tournament with the free LET'S FOOS app.

Each tournament is a so-called „Monster DYP (Draw Your Partner)“. Every round new team partners and opponents are drawn. Each player collects points for the rankings.

After the preliminary round, a K.O. (elimination round) can be played and even here your partner will change from one round to the next. The first round is drawn by the result of the rankings of the preliminary round.

Everything is handled by the app and you will be notified as soon as it's your turn.

At the end you can cheer on the winner team! Ultimately each one of you will be a winner and world record holder.

## WORLD RECORD ATTEMPT 2022

# RULES.

You can determine your own rules for the tournament. Generally we recommend:

In the each round, preliminary and elimination, you win a game by scoring 6 goals. In the preliminary round there is a draw at 5:5 goals.

As rules, we recommend to use the „Basic Rules“ from the ITSF. Especially for beginners, you can rule out the snake shot - thus spinning the rods in general. Additionally, you can perform the kick off from the defender area.

(\*) On the right side in different languages: <https://www.tablesoccer.org/page/education>

## ITSF Rules (short version)

**1. Toss**  
The winner of the TOSS, - coin flip – may choose for the KICK OFF or SIDE of the table.

**7. Spinning**  
NOT allowed.  
In case of a shot/pass performed with a spin, the opponent kicks off again with the 5-rod.

**2. Kick Off**  
Put the ball at the middle figure of the 5-rod. Ask your opponent if he or she is ready. When opponent replies 'ready', pass the ball via a second figure.

**8. Goal**  
A goal can be scored from any rod or figure. A ball that goes in and out of the goal counts as a goal.

**3. Ball Off Table**  
When a player makes the ball go off the table due to the power of the shot, it is given back to the opponent at the 2-rod.

**9. FAIR PLAY**  
DON'T slam or hit the side wall hard with the rods.  
DON'T put hands in the table whilst ball is in play.  
DON'T lift the table.

**4. Time Out**  
Two 30-second TIMEOUTS are allowed per set. Only the player in possession of the ball may call a time out while the ball is in play. When not in play, both players/team can call a timeout.

**10. Time limit**  
The ball is allowed to be under the 5-rod for 10 seconds and other rods (goalie & 2-rod count as one rod) for 15 seconds. Exceeding the time limit on the 3-rod goes to opponent's 2-rod, anywhere else goes to opponent's 5-rod.

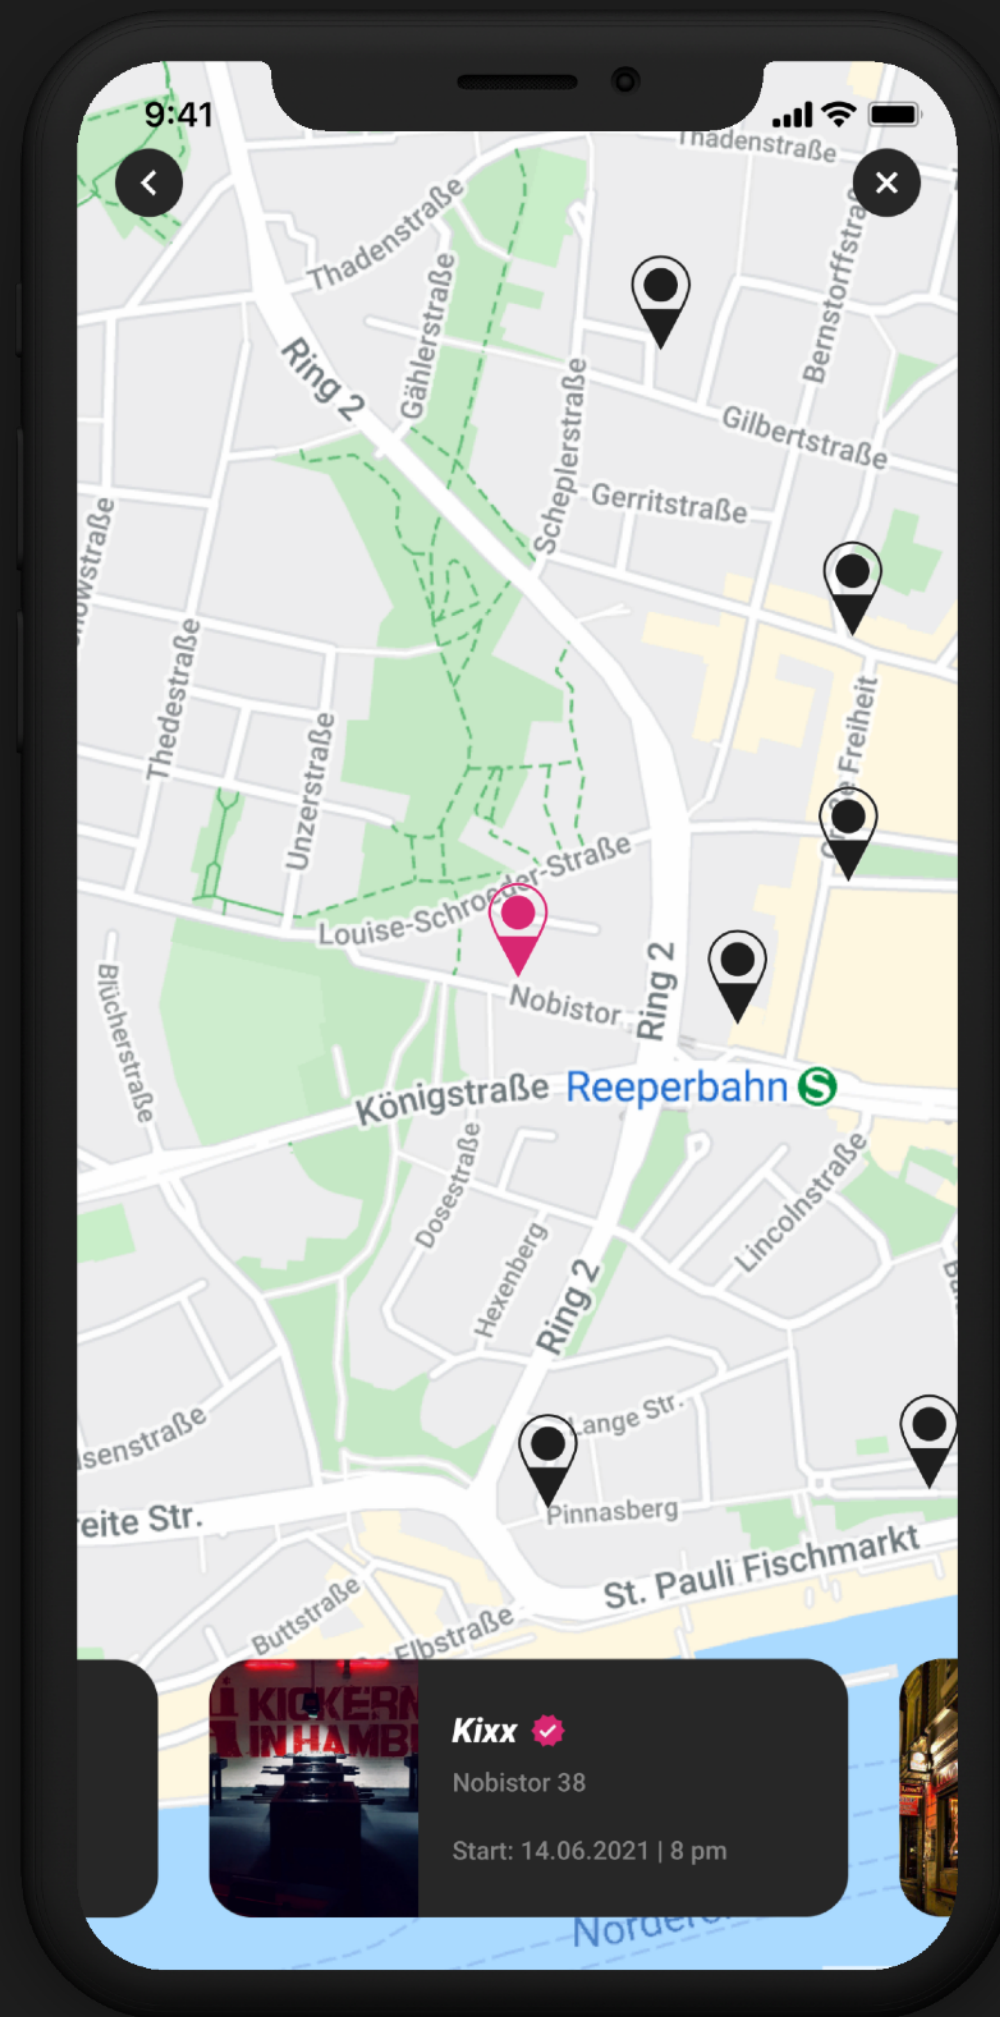

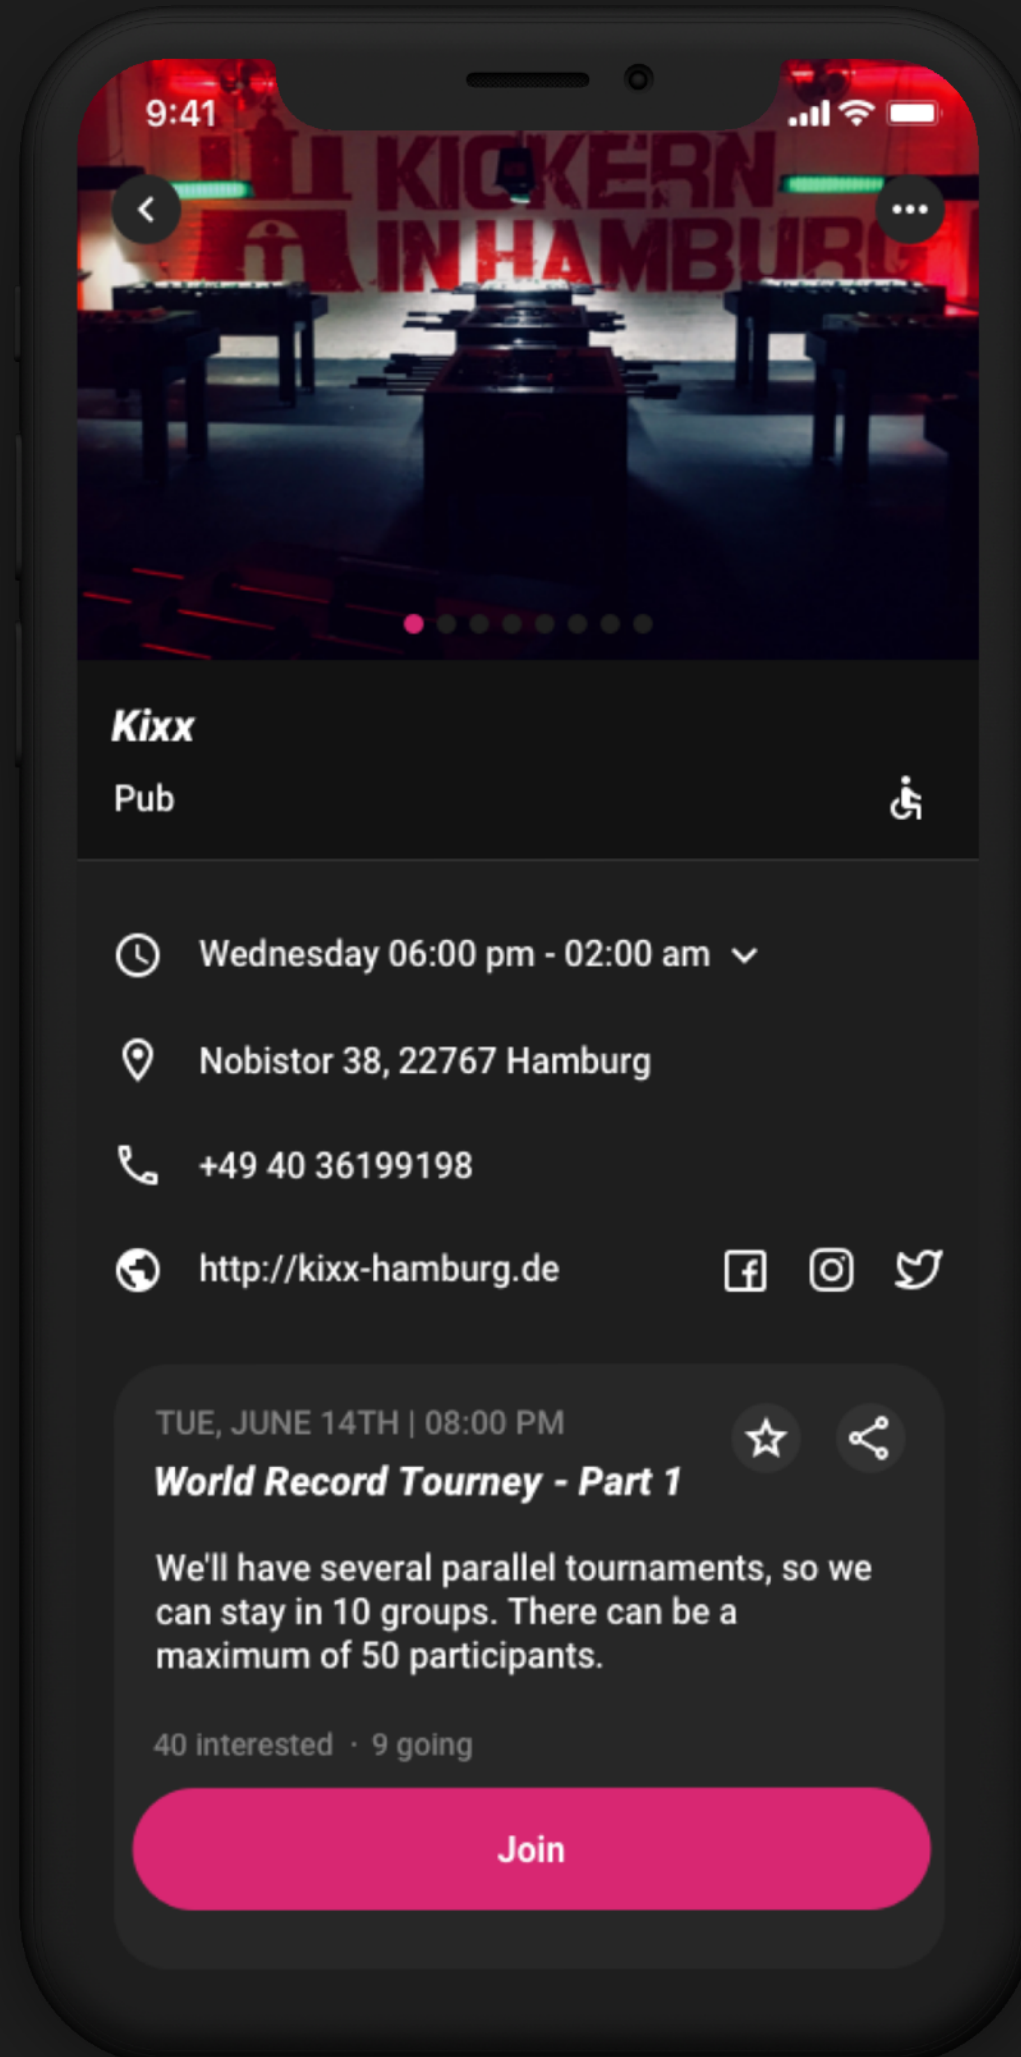

**5. Passing**  
After every re-start, the ball must touch at least two player figures prior to advancing to another rod.

**6. Switch**  
After each set the players/teams may change sides.

**CODE of Honor**  
Table soccer is FUN!  
Respect the opponent.  
Shake hands before and after the match.  
ALWAYS be sure that your opponent is ready before starting or re-starting <<Ready?>>

# **WORLD RECORD ATTEMPT 2022** **INITIATORS.**

LET'S FOOS is an initiative of DTFB (German Table Soccer Federation), Silpion IT-Solutions and Kickertool. The aim is to promote foosball as a leisure activity.

The key element is the free app LET'S FOOS. With the app, foosball locations and clubs become visible and already now tournaments can be played at any time. In future there will be a hobby tournament series to determine the hobby champions...

Until then, we will communicate and interact with foosball enthusiasts and supporters - and of course attempt to set a new world record...

SILPION

## **DTFB & SILPION & KICKERTOOL**

The German Table Soccer Federation (DTFB) is the umbrella organisation for the most beautiful hobby & our passion.

Silpion is an IT-house from Hamburg and somehow crazy about foosball: World records and bringing people together are expertises.

Kickertool is a software for foosball tournaments, which is currently used to play over 100.000 tournaments worldwide every year.

## **FRIENDS & PARTNERS**

All of this means nothing without good friends & partners. Thank you for carrying on the world record idea already now: hobby-players, club-players and Pro-players, clubs & national associations, International Table Soccer Federation (ITSF), and many more.
